Public Bulletin Boards Policy

Peabody Institute Library of Danvers

Only material from non-profit organizations may be posted on the library’s public bulletin boards.

When space is limited on the bulletin boards, preference is given to the library postings and those of local organizations.

Postings from non-profit organizations which are general and do not relate to a specific event (i.e., they are undated), will be posted for a month, if space allows.

The library reserves the right to remove any posting from the library’s public bulletin boards which do not conform to the Bulletin Boards Policy or are deemed unsuitable for posting in a public area. Such material will be discarded, not saved.
